

JEANNEAU SUN ODYSSEY 440

£245000

YEAR	LYING	
2022	Poole	
LENGTH	BEAM	DRAFT
43.92 ft	14 ft	7.08 ft

Parkstone Bay Yachts takes great pleasure presenting this sublime Jeanneau Sun Odyssey 440 with a Yanmar 57HP power plant with only 35 hours on the engine!

This yacht is very heavily specified from factory with very light use indeed - completely only around 200 miles sailing since launch in 2023.

If you enjoy coastal cruising and a few longer passages thrown in, there are many features on the 440 that you won't find on other yachts in her class: the full-length volume giving chine, fold down coamings, central galley, the rectangular berth and the innovative walkway from the helm to the deck. Even without these features the 440 still has a lot to offer.

It's a nice feeling to be able to walk up the deck when you need to go forward. It also feels surprisingly natural and comfortable to be outboard, face forward and helm while looking where you're going. It's not until one tries something different that it reminds us of the compromises we all make by going sailing. Should we have to make them? Jeanneau thinks not.

Some options Include:

- Bow Thruster
- Diesel Heating
- Bose Surround Sound Saloon
- Raymarine Suite including Auto-helm and 3 RayMarine Axiom Plotters
- Fully Electric HARKEN winches
- Copper Coated
- Twin Rudder

Full specification is listed further below - this Jeanneau really must be viewed to be appreciated! If you're looking at 440's or a similar vessel in Jeanneau's line up, this example is worth a visit due to being used so little with such a heavy spec!

Viewing by appointment on a display pontoon ashore.

Parkstone Bay Marina, Poole.

Manufacturer Provided Description

Sun Odyssey 440's high performance platform incorporates a full length, hard chined hull to promote fast cruising while minimizing heeling. The generous sail plan is easily handled by the inboard winches and lowered gooseneck height. Sailing this boat is an experience like none other. She is fast, powerful, and nimble on the wheel.

The 440 launched the proprietary Walk Around Decks, an incredible feature that has been incorporated in every successive design. This, combined with unobstructed side decks from bow to stern make movement on deck easier than ever before. The huge cockpit is perfect for entertaining guests, and the convertible cockpit lounge turns the aft eight feet of the boat into a gigantic sunpad!

The open concept interior is bathed in light, as the main salon features a multitude of windows and hatches. The central U-shaped galley is optimally placed for comfort while under way, centralizing the weight of the appliances for optimized sailing performance, as well as serving meals in the salon. In the 440, the nav station is particularly emphasized, elevating this feature into a coffee nook or home office.
