

PEDRAZZINI SPECIAL

£595000

YEAR	LYING	
2013	onbekend	
LENGTH	BEAM	DRAFT
10.3 ft	2 ft	0.82 ft

A very special runabout based on a time-tested principle : The old-fashioned way.

This Pedrazzini Special, at 10,30 m the longest model, combines Italian design flair with exacting Swiss quality standards. So classic design together with high-performance engineering: the runabout skims the waves at a top speed of up to 80km/h. She is the finest in handmade quality from bow to stern. The convertible top stows away discreetly between the cockpit and the sundeck. She has been built in 2013, fully spec'd, for her current owner at the Pedrazzini yard . A very few boats are launched each year and therefore she is, and will remain, a highly exclusive runabout with only 20 engine hours.

The special meets every criterion of the discerning connoisseur of fine mahogany boats-welcome to an exclusive circle.
